FOREWORD

Friends, if there are shortcomings in this Annual, we feel constrained to offer this little paragraph as a sort of prayer that you may be as lenient as possible in your judgment of its crudities and errors.

However, all the work that has gone into the making of this volume takes on something of the divine, when we consider that it may help to keep alive in its readers the sentiments and enthusiasms that have so brightened and cheered us on our way through Fulton High School. And when in the aftermath of life we turn the leaves of fancy, only to dream of the long ago, may it be a pleasant retrospection, and an ever present guide to lead you back to one of the sweetest oases in the Desert of Years - those days so happily spent in our Alma Mater.

The Senior Class of 1962 proudly dedicates this annual to Mrs. Lois Haws, whose dedication to her students, her school, her community, and her country has guided us to greater things.

TIME'S TRAVELERS

As Seniors of 1962, we must continue on time's long journey, leaving the present to become the past.

This is a journey showing changes which we have witnessed not only in things around us, but in ourselves also.

Already we have seen the mistakes of others which are our aids, but now we are becoming the ones whose mistakes will profit others; the ones whose milestones and achievements will build a stairway of knowledge for the future.

Our deeds, efforts, feats, and defeats will mold our country and its generations to come.

We have reached a new land with a new horizon.

Whether we will take the right road through this land depends on us.

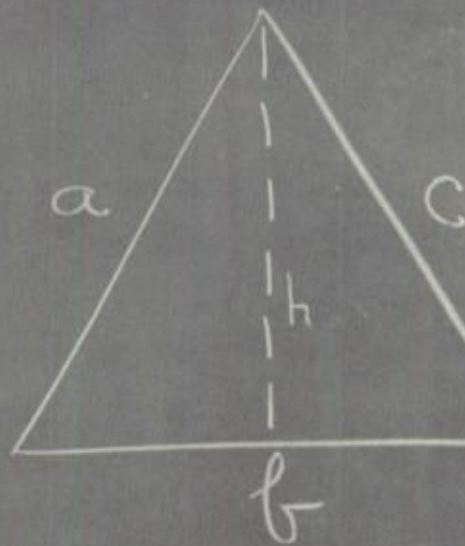

As we depart on time's journey, our small number will be dispersed as the winds scatter the chaff and the memories of fun and fellowship will become only a collection of dreams, reminders of the past.

MESSAGE FROM SUPERINTENDENT AND PRINCIPAL

Congratulations are in order for the members of the Fulton High School Annual Staff of 1962 on their decision to assume the vast responsibility of publishing an annual. Hard work, lots of time, and plenty of patience are the chief ingredients of a good annual. May your goal be "The Best Annual Ever."

Luck to you in this enterprise and may you achieve lasting satisfaction in your product.

CLASS PROPHECY

How the time does fly! It was only ten years ago that I graduated with my Senior Class. Now it is 1972 and we are going to have our first class reunion tonight.

Seems as if it were only yesterday when our class president, Bill Leneave, presented the cap and gown to the Juniors' president on class night. Now Bill is the manager of a plant in the East, which makes 10,000 horseshoes a minute. Speaking of the East, have you heard of Clara Flipple's new Broadway show, LITTLE MISS TUFFY? We knew Clara as Joyce Owens. She has now become a famous Broadway actress. There is also a famous actor in our class. Ladd Stokes has become the biggest Saturday Matinee hit in the history of the movies. His current film is The Monster from the MUD PUDDLE X.

Several members of the class have become very successful in the business world. Let's see, Billy Joe Hopkins, better known as B. J., is the founder and owner of the Putt-Putt Oil Company. Tommy Joe Reed has Read and Feed Stores in five states. He is the first person to combine a bookstore with a restaurant. The Kentucky Motors Company has really increased its business with Warren Nanney as its business manager. He is the best bookkeeper in the state. But the judge couldn't understand how a person could think \$20,000 was \$2.00. He's on parole now so he will be with us. Let's not forget the girls. Annette Campbell now has reducing gyms across the country. Cleta Beggs and Wanda Cash, though both are married, are busy career girls. They founded the Cash and Begg Loan Company.

I wonder what is keeping Danny Joe Robbins. You probably knew him as Mayor Robbins. He is also the former police chief of Fulton. What? Telephone for me? Hello! Hi, Danny Joe! What, you are going to be a little late? O.K. You have been arrested? Oh, you ran a stop sign. O.K. Bye! Well, that is the way it goes.

Several other members of the class are still living in the Fulton area. Mrs. Jill Sullivan is the president of the PTA this year. As a project, she is raising funds to buy robot teachers for the school. Remember Butch Sandling? He was named by the governor as Master Farmer of the Year for his work on his 600-acre farm near Fulton. However, he was unable to accept the award at the banquet in Frankfort because he had a date that night. Scarlet Turner and her husband, Tommy, raise Grade-A milk cows on their farm. It was only last year that Scarlet's pet cow, Cecilia, won first prize at the State Fair for the cow with the most appealing eyes. Mrs. Julia "what's her name"? I can't think of her husband's name. We knew her as Woo Woo Woods. She is this year's Mrs. America and was Mother of the Year in 1971. She has seven children. Speaking of children, remember Linda Stairs? She has four children. She was the first mother to graduate from UK Law School. The duties of county judge really keep her busy.

A person can't read a newspaper anymore without seeing a '62 graduate's name in the headlines. Judy Copeland Erk and her husband, Ed, recently made the headlines when they rescued a stranded missionary in Anartica. Missionary Alice Jo Leggett, another classmate of mine, was stranded on an iceberg. You know, she has been living with the Eskimos for the past six years. Anyway, Judy, who has become a famous explorer, rowed a canoe to the iceberg to rescue Alice Jo. Another person who has been in the headlines lately is Danny Carver. The queen of England proclaimed Sir Carver to be the official court poet of England after reading a selection of his nursery rhymes. Have you read the new best seller, MEMORIES OF A HOMETOWN GIRL, by Maggie L. Hartfoot? Maggie is really the pen-name for Linda Whitnel. This is her third novel. And all of them have been best sellers - Mrs. Kay Van Hurt, the former Miss Kay Morris, has become a noted figure in the field of science. She won the Nobel Prize for science for her theory that the center of the earth is really unflavored bubble gum. I understand that Senator Burton is going to run for governor next year. Jim is the founder of the People People's Party. Of course, Colonel Bradley had a great deal to do with Jim's victory. Kenneth is the Manager of the People People's Party Public Relation Headquarters in Fulton. Hmmmmmm Now who have we left out? I count only twenty-two classmates. What's that horrible noise? Oh! It must be Joy Stephenson flying over in her rocket airplane. She and her husband now have a rocket airline across the United States.

Well, I better go to get ready for the reunion supper tonight. What? What am I doing? Well - guess there is one in every group, HIC!

CLASS HISTORY

In the fall of 1950 forty-three scared little boys and girls entered the first grade of the Fulton City School system. These boys and girls are now the graduating class of 1962.

Everyone was frightened that first day. It was something very new to all of us. Mrs. George Alley was the first grade teacher at Carr Elementary. Miss Louise Sebastian taught the first grade at Terry Norman. After a few days of standing in the corner and being the last in line to the drinking fountain, school became very familiar to us.

At the end of our first year in school thirty-eight managed to be promoted to the second grade. Five stayed back as the teacher's helpers.

Along our climb to junior high school, we gained and lost many different students. Our class has always been small compared to the other classes. It seemed as though we lost all of those we ever gained.

As we entered the seventh grade we gained ten students from Terry Norman. This increased our number and then we had three new students from the consolidated school at Cayce. They were Scarlet Turner, Carol Jefferess, and Sue Little.

That year all the girls got to try out for junior high cheerleaders. Unfortunately only one seventh grade girl was elected. Cleta Beggs served that year as cheerleader. The next year several girls tried out again for cheerleader. Wanda Cash, Sue Little and Cleta Beggs were chosen with three other seventh grade girls to serve as the junior high cheerleaders. Cleta Beggs was chosen captain of the squad.

At our graduation exercises Kay Morris, Wanda Cash, and Ronny Winston received the American Legion Award. This was the first time that two girls had tied for the award.

At the end of that year we felt that we had made a big step in our lives. It occurred to us that in just four more years we would be through with school. I think then that everyone was happy to think on that thought. It never occurred to us that our high school years would mean so much to us.

As we entered the 9th grade in the fall of 1958 we had a total of 38 students in our class. Seven students had joined us from Milton that year. Everyone was just as scared of entering high school as when we had entered the first grade. It was very hard for us the first few days. The building was very new to us. We didn't know where any of our classes met. But after a few instructions were given to us about where to go, we seemed to make it just fine. We really got the teasing for being green freshmen. And truly inside I think we all realized how green we were.

That year Ronny Winston served as our class president. Jimmy Wright was our vice-president. Cleta Beggs served as secretary-treasurer. Kay Morris was our business manager. The public relation officers were Wanda Cash and Bill Leneave.

During that year Jill Edwards and James Mills were elected as the greenest freshmen. They had the honor of having their pictures in the Annual.

That year our class came in second in the annual magazine drive contest. Linda Whitnel was our candidate for our class.

Linda Whitnel and Ladd Stokes were nominated as Candidates for Mr. and Miss F.H.S.

Our Sophomore year was much easier for everyone. We were glad that we were not kidded so much as we had been the past year. I don't think that we could have stood much more anyway. But, boy, did we ever give those poor freshmen a hard time.

That year Kay Morris was elected president; David Cunningham - vice-president; Wanda Cash - secretary-treasurer; Jimmy Wright - business manager; and Warren Nanney and Scarlet Turner - public relation officers.

During that year our football candidate, Linda Whitnel, was named as football queen. Our class sold over \$500 worth of magazines. This is a goal we had really worked for. The night that Linda was crowned as queen the whole sophomore class was filled with happiness.

This year Scarlet Turner and Jim Burton were elected as Best Personalities from our class.

Wanda Cash and Warren Nanney were elected those Most Likely to Succeed.

Scarlet Turner and Ladd Stokes were nominated for Mr. and Miss F.H.S. that year. Even though they didn't win, our class was still proud of them.

Wanda Cash was elected to the cheerleading squad. We were really proud to have one of our girls serve as cheerleader.

On honors day that year Linda Whitnel received the Greatest Scholastic Improvement Award. This award is presented each year by Mr. Holland. It is given to the student with the greatest improvement over his grades of the past year.

At the end of that year we ended with 31 in our class. We lost Ronny Winston at the end of that year.

As we entered as juniors, we really felt as if we were pros at the job of going to school. Even though we were small as a class, we never let anyone outdo us.

That year in the magazine drive we placed second with Judy Copeland as our candidate for football queen. The students that received prizes for having the largest amount of money collected from selling magazines were all juniors except two.

That year Warren Nanney was president; David Cunningham - vice-president (Scarlet Turner was elected to his post after he moved); Cleta Beggs - secretary-treasurer; Bill Leneave - business manager; Kay Morris and Jim Burton were our public relation officers.

Wanda Cash and Kenneth Bradley were chosen as candidate for Mr. and Miss F.H.S. during that year.

Butch Sandling and Cleta Beggs were elected Best All Around from our class for the annual.

Rickey Siler, a new addition to our class, was the winner of the current events test that was given by Miss Mary Martin. This test was sponsored by the Rotary Club. Rickey was sent to Cincinnati to the national convention. When he arrived home, he presented a program to the whole high school on what he had done at the convention.

On honors day that year Kay Morris and Jimmy Wright were announced as winners of the Scholastic Magazine Test. This is given by Miss Martin each year. It is sponsored by the company that publishes the Scholastic Magazine. An award was presented to Kay and Jimmy for their accomplishment.

As that school year drew to a close, we all began to realize what a short time it would be before we would all leave in our separate directions. We left that year with 27 in our class.

As we entered our Senior year we had 24 in our class. Our number seemed to decrease each year we were in high school. But we had learned that it wasn't quantity but quality that counts.

In our Senior year Wanda Cash and Warren Nanney were elected Mr. and Miss F.H.S.

Bill Leneave was elected president of our class; Wanda Cash - vice-president; Joyce Owens - secretary-treasurer; Warren Nanney, business manager; and Ladd Stokes and Kay Morris - public relation officers.

Warren Nanny and Scarlet Turner were editors of the Growl. Kay Morris and Jimmy Wright were editors to the Kennel, the high school newspaper.

Jimmy Wright was named delegate to attend the national convention on current events in Cincinnati.

Wanda Cash was elected captain of the cheerleader squad.

We came in second in the annual magazine drive. Wanda Cash was nominated as candidate for our football queen. During our four years in high school, we either came in second or won first place each year during the annual magazine drive.

We realized, as the school year came to a close, what fun we had had during our high school years. We realized that it had been hard but at the same time we had really had fun taking on the hard tasks that had been presented to us.
